SUMMARY

As an accomplished Front-End Developer, I possess a strong focus on crafting engaging user interfaces and optimizing digital experiences. Proficient in HTML, CSS, JavaScript and React.js. My practical experience includes 2-months as a Frontend developer in tasahel company where I gained hands-on experience in software development, front-end development and UX enhancement. Eager to leverage this experience, along with academic knowledge and problem-solving skills, to significantly contribute to a Front-End Developer.
